BIG OIL FIRMS FACE TRIAL

Conspiracy Charges Under
Anti-Trust Law Involve
Twenty-Three Concerns

By WILLARD R. SMITH
United Press Staff Correspondent
MADISON, Wis. (UP)—Trial of the government's greatest anti-trust action in years is scheduled to open here October 4, when 23 major oil companies and 54 of their executives face charges of engaging in a price-fixing conspiracy.

Two federal grand juries, the first convening here more than a year ago, subpoenaed tons of correspondence and other documents from private files of these companies and returned indictments against 23 companies and 71 individuals.

Defendants facing trial first are charged with combining and conspiring for the purpose of artificially raising and fixing the tank car prices of gasoline allegedly through a buying pool operating among independent refiners in the East Texas and Mid-Continent fields.

Prices which these major companies charge jobbers are based upon spot market tank car sales quoted for the previous day in trade publications, the indictments charged. The government argued that by influencing this market, which amounts to less than 3 percent of the gasoline sold in the Middle West area where they operate, these major companies were able to raise their prices to jobbers and increase retail prices by so doing.

Trial of the first case is expected to last from six to 12 weeks. Housing facilities are being reserved for between (Turn to Page 4)

Wildcats Lose To Prison

Meyers Station Nine Bumped
Second Time By Fast Club
At Nevada State Penitentiary

The Meyer's Station Wildcats, were defeated for the second time this year by the Nevada State prison nine, in a game played at Carson City, Sunday, July 25.

The score of the fracas was 12-8, and Manager Elmer Butts, of the Wildcats, attributes the Meyer's defeat to one bad inning. The Meyer's nine outbatted the prison boys 11-10, but failed to hit in the pinches.

Keyes, former St. Mary's star, along with Jack Butts, local youth, were the heavy hitters for the El Dorado County team, Keyes pounding out a single and two doubles, and Butts connecting for a double and two singles.

The next game for the Meyers team will be against the Rubicon Point CCC this Sunday.

Manager Butts is gunning for a game with the strong Reno Garage nine, and also with the Georgetown team of the Foothill league.

PLACERVILLE MEN CALLED HOME BY DEATH OF FATHER IN UTAH ON SATURDAY

Lester and Kelly Longhurst and Mrs. William Naurkus, all of this city, left Saturday morning for Salt Lake City, following receipt of word from that place that their father had passed on.

The father, Charles T. Longhurst, was 84 years of age and a pioneer of the west. Born in London, England in 1853, he came to America when he was a lad of 12 years. He immediately sought employment with a caravan of emigrants coming west and crossed the plains into Utah and southern Idaho.

According to the sons, their father at one time owned the entire section of land, which is now the city of Idaho Falls, Idaho.

Mr. Longhurst followed ranching, sheep and cattle raising in southern Idaho until about 1920, when he moved to Salt Lake City, bought a home, and retired.

He leaves a wife and eight children. Burial is to be in Bountiful, Utah.

TWO RATTLESNAKES KILLED BY FOREST SERVICE MEN IN BEAR RIVER DISTRICT; PROOF GIVEN THAT SUN'S RAYS ARE FATAL FOR REPTILES

If you've heard that a rattlesnake will die if kept in the sun, you can mark it down in your book that it's true, for the saying was proved on Friday, near the Bear River blaster rust camp.

Forest Supervisor Edwin F. Smith was in the area Friday with E. P. Moran, administrative assistant, and they, with G. N. Kincaid et al. blaster rust camp, came upon a rattlesnake.

Smith and Moran had already killed one rattler earlier in the day, and Moran expressed curiosity as to whether it is true that the sun's rays are fatal to rattlers.

"Let's try it out on this fellow and see," Smith offered, and so, with Kincaid's assistance, they kept the snake in the bright sunlight.

According to Moran, the snake "rattled and struck about six times and then it quit rattling and striking and seemed interested only in getting away."

"Pretty soon, two small spots of blood appeared in its nostrils and later bleeding at the mouth set in and the snake died."

Moran quoted Smith as saying that the two snakes were as large as he had seen on Eldorado Forest.

Two Upper-Air Exploration
Stations To Be Established
For Radio-Meteorographs

By FRED O. BAILEY
United Press Staff Correspondent

WASHINGTON (UP)—Cold waves bound for the United States from the North Pole next winter will be reported several days ahead of their arrival under plans announced by the weather bureau of a new system of upper-air exploration.

Two upper-air exploration stations will be established, one at Burbank, California, and the other at Fairbanks, Alaska, in September, Dr. W. R. Gregg, chief of the bureau, announced.

Radio-meteorographs-robot weather observers that broadcast their findings from far above the earth to observers on the ground—will be released daily with balloons at these two stations.

The Fairbanks station will enable meteorologists to forecast several days earlier than heretofore the approach of a cold wave. The Burbank station will provide upper-air weather news for forecasters all over the country.

Tubercular War Is Pressed

Tenth World-Wide Congress
Against Plague To Meet In
Lisbon, Portugal, Sept. 5

By H. G. KING
United Press Staff Correspondent

PARIS (UP)—The French National Committee for Protection Against Tuberculosis has announced that its 10th International Congress would be held in Lisbon on September 5-9. Prof. Lopo de Carvalho has been elected president of the congress, which will be attended by lung specialists from all over the world.

An official of the organization said that choice of Lisbon as seat of the meeting had been made as a tribute to remarkable progress made in anti-tuberculosis war in Portugal during the past few years. Portugal, it was pointed out, was one of the first European countries to organize controlled prophylactic centers against the disease in 1901 under the inspiration of the French specialist, Albert Calmette.

At present every important town in Portugal has its local tuberculosis center known as dispensario distrital, all of which have been excellently equipped with X-ray and ultra-violet ray apparatus where patients are received free and treated without charge.

At the beginning of the present century there was an organization similar to the present International Union Against Tuberculosis in Berlin, but that came to an end in 1914. It was not until October, 1920, that the first International Congress was held in Paris in the Sorbonne. At that time war against tuberculosis was launched on an international basis.

PETTY THEFT ADMITTED, YOUNG MAN WILL RECEIVE SENTENCE IN JUSTICE COURT

Paul Ehlers, 25, was arrested Friday on complaint of Lorin Waldron on a charge of petty theft and, upon being hauled before Justice of the Peace T. F. Lewis, entered a plea of guilty to the charge and applied for probation.

Judge Lewis set Wednesday as the time for receiving the report of the probation officer and for passing sentence, remanding Ehlers to jail in lieu of bail set at \$100.

Ehlers, it is charged, filched petty cash from a service station at which Waldron is employed.

RANGER LEADS RACE START

Challenger, Defender Open
17th Contest For America's
Cup Off Jersey Coast

By HENRY McLEMORE
United Press Staff Correspondent

ABOARD C. G. C. CHELAN, OFF NEWPORT (UP)—Beating into a light southeast wind, Harold Stirling Vanderbilt's Ranger, the Defender, and Thomas Octave Murdoch Sopwith's Endeavor II, the British challenger, began the 17th series of races today for possession of the world's greatest yachting trophy, the America's Cup.

The wind swung and became approximately south by east. It slackened to mere five miles an hour.

Despite the lightness of the wind the postponement signal was hauled down and the course direction set. The course was south by east, windward and leeward. Just after the direction signal was given the wind picked up slightly.

The unofficial starting time was 1:25 p. m. They crossed the starting line of the 30 mile race almost simultaneously. Ranger, however, had nailed the weather berth and was regarded as having the advantage. The course was south by east from the government buoy nine miles southwest of the Breton reef light vessel.

BOYS HELD FOR BUYING WINE

First Prosecution Locally
Under New Liquor Control
Act Section Scheduled

First prosecution in the county under the new section of the state liquor control act, which makes it a misdemeanor for a minor to purchase liquor, was under way Saturday as District Attorney Henry S. Lyon announced complaints will be prepared against Bert Quimby and Edward Paugh, both, allegedly minors.

The young men are being charged under Section 61 of the act which reads:

"Sec. 61. (a) Every person who sells, furnishes, gives or causes to be sold, furnished or given away any alcoholic beverage to any person under the age of 21 years, shall be guilty of a misdemeanor.

"(b) Any minor who purchases any alcoholic beverage, or any minor who consumes any alcoholic beverage in any on-sale premises, is guilty of a misdemeanor."

Investigation of the case was launched when City Officer Bathurst arrested Quimby Friday evening on charges of being drunk and disorderly.

Learning, officials said, that he is but 18 years of age, they furthered an inquiry as to where he purchased the wine he was said to have been drinking. The investigation allegedly involved Paugh and three Placerville business places selling liquor.

The district attorney indicated the employees of the three places which are alleged to have sold the liquor will be proceeded against, also under Section 61, as soon as the identity of the (Continued on Page 4)

George Smith Promoted To Be
Sergeant In Auburn Unit Of
California National Guard

Four Placerville youths left Saturday morning for Auburn to join their state militia company for the annual encampment at San Luis Obispo.

The youths are Bernard Adler, George Smith, Ralph Tompkins and Joe Ronzone.

Adler has been a sergeant in the unit, Company E, 184th Infantry, California National Guard, for the past year.

Sheriff and Mrs. George M. Smith are very much pleased with the notification, received recently, that their son, George, has been advanced to the rank of sergeant.

George has been a corporal for some time past and the advancement to the rank of sergeant makes him, probably, one of the youngest non-commissioned officers of the company in that rank.

Cinnamon Buns Light But Satisfying for Breakfast

By JUDITH WILSON

WITH her favorite recipes for eggs, meat and cereal dishes, buckwheat cakes, and such sturdy things that constitute winter breakfast fare, tucked away in her file, the homemaker wants to know what she can serve that will be satisfying and still light and appealing on a hot morning.

BREAKFAST
Iced Grape Juice
Scrambled Eggs Bacon Curls
Cinnamon Buns
Coffee

LUNCHEON
Luncheon Salad
Hot Poppy Seed Rolls
Upside-down Blueberry Shortcakes
with Whipped Cream
Iced Tea or Coffee

She wisely realizes that fruit juice, toast and coffee isn't enough for anyone, but at the same time she knows her breakfast menus should be simple as possible. She can begin by substituting crisp, ready-to-serve cereal for cooked unless the morning turns out to be definitely chilly.

Or sometimes she can forget about cereal altogether and serve light, golden-crusted rice or bran muffins or sweet rolls that have been reheated a few minutes in the oven. Of course she will want eggs prepared in some simple way with them.

CINNAMON BUNS

2 cups scalded milk

3 tablespoons butter
2 tablespoons sugar
2 teaspoons salt
2 eggs
1 cake compressed yeast dissolved in 1/4 cup lukewarm water
6 cups flour
Brown sugar
Butter
Cinnamon

Currents or Seeded Raisins

Add butter, sugar, and salt to the milk. Cool to lukewarm and add the softened yeast and 3 cups flour, beating until smooth. Cover and let rise until spongy, cut down, add the well-beaten eggs and about 2 1/2 more cups of the flour. Let rise until double in bulk, turn out onto a board sprinkled with the remaining flour, pat and roll until 3/4-inch in thickness. Spread with softened butter and cover generously with brown sugar. Sprinkle with cinnamon and then with currants or raisins. Roll like a jelly roll and cut in 1 1/2 inch pieces.

Melt 2 tablespoons butter in a square baking pan and sprinkle with 3/4 cup brown sugar. Arrange the cinnamon rolls on this sugary cushion so they do not touch. Let raise until about double in bulk, then bake in a hot oven 25 to 30 minutes. After the first 15 minutes baking, remove the pan and drip 3 tablespoons hot water around the sides of the pan. Continue baking. These buns are soft and sticky, but delicious.

RESCUE NEWS

Mr. and Mrs. J. W. Fleming were business visitors in Placerville on Tuesday.

Mr. M. S. Dixon spent a few hours visiting with his family on Saturday evening. On his way back to forest service camp at El Dorado, he had the misfortune to lose a truck tire and spare wheel from his car.

On Thursday of last week, Mrs. Ethel Osborne and Elwin Friedman met in a head-on collision with their cars in front of the George Wing home. With Mrs. Osborne were her mother, Mrs. Annie Skinner, and their daughter, Delores. Mrs. Skinner was quite badly cut about the face. She was taken to Placerville where Dr. Babcock took two stitches in a cut over the eye, and one in the lower part of the nose. Other cuts on her face were only skin deep. She was bruised on the leg and arm. Mrs. Osborne was bruised on her arms. Elwin got a bruise on one of his knees and Delores hurt one of her toes. Elwin's car received a broken axle, two bent fenders, a bent wheel, a blowed out tire and a damaged grill on the radiator. Mrs. Osborne's car had two bent fenders, broken lights, a broken windshield and a bent radiator and grill. She was able to run her car but it was necessary to have a tow car come from Placerville and tow Elwin's car to the garage for repairs. Both cars were going slowly at the time.

Miss Myrtle Dixon of Santa Maria, who has been visiting relatives here for the past few weeks, is taking a trip to the Yosemite Valley and San Jose, leaving Wednesday and will be accompanied by her father, Robert Dixon.

Master Bobbie Dixon was operated on Tuesday for a broken toe. A year ago he had the misfortune to break his little toe while riding horse back and it became out of shape and quite painful, so it was necessary to take the toe off.

Miss Ruth Holden, who has been employed at Strawberry, had an attack of tonsillitis and had to return to her home.

Hector Williamson and a crew of men are building a new bridge over Tennessee Creek.

Reports are that our road is to be torn up and a two track oil road put in over part of it at least, and are we glad.

Merritt Carpenter, A. E. Trumbly, Maurice Carpenter and Frank Dixon, put in a few days widening the culvert at Meders Creek. This has been a dangerous place for years, and three accidents have happened here. After the grader finishes, this will be a fine job completed. We thank Mr. Huesner our supervisor. This crew also hauled gravel on the fill put in at Bass Lake in the winter. The road from the Green Valley road to the highway between Bass Lake and Mayhew is in excellent shape now.

The attendance at Bass Lake on Sunday was quite large. This is becoming quite a Sunday picnic place as there is a large body of water there, with several row boats, also swimming and fishing. There is a large grove at one end of the lake where one can enjoy a picnic lunch. It is becoming quite a pleasure spot.

Regular meeting of Rescue Grange was held at Rescue hall on Tuesday evening, with a fair attendance.

LOTUS

Fruit season has begun in our locality. Albert Herzog, Sr., started to pick his Bartlett pear crop Monday and within a short time all the pear growers here and at Coloma will commence picking. The crop is very good in size and quality and the growers should receive a good price in the eastern markets.

One of the largest crowds of people seen in our town for some time past was last Sunday. Many cars came up from Sacramento and other places and everyone enjoyed the day at the swimming hole and sandy beach above the Lotus bridge. Some 250 people, young and old, took a dip in the South Fork of the American River, all returning to their homes late in the evening. We can look from this day on for the swimming to continue during the summer with large crowds on week days as well as Sundays.

Eddie Sayers was in our town Wednesday from the P. G. & E. Company in Placerville, checking up on the company's patrons. Ed was taking the place of Harvey Lyon who is off on his vacation.

Melvin Gallagher of Coloma, took a load of tailing run off from the mill of Al McKenney to the Selby Smelting Works, Thursday last, to be refined. Some fifty sacks each weighing fifty pounds.

Mrs. Juanita Stevenson of this place, visited friends in Coloma Thursday afternoon.

Charlie Hines and Dudley Stevenson drove down to Sacramento Thursday. Dud went from there to Oroville and Charlie returned home alone Friday evening. Jerry Stevenson, Dudley's brother, drove to Sacramento to meet Dud on his return from Oroville and brought him back to Lotus.

Postmaster Ray Rosenberger and wife and daughter and Mr. and Mrs. Albert Herzog, Jr., spent Sunday at Sonora visiting with Mr. and Mrs. Freeman Liddell. Mrs. Liddell is the sister of Mrs. Rosenberger and Mrs. Herzog, Jr.

Al Averson, Justice of the Peace of Elk Grove and formerly a resident of Coloma, was calling on Andy Cassell, Marshall Monument custodian, one day last week. The judge was on his way to Lake Tahoe for an outing and took in his Coloma friend on the trip.

Among those from a distance attending to business matters in our town the past week were Mr. and Mrs. O. V. Carlson of Roseville, Maurice Veerkamp and wife of Granite Hill, Mrs. D. M. Metcalfe and Mrs. C. Graham, George Wini of Coloma, Al McKenney and son, Earl Coppin and wife of Sacramento, Al's wife did not come up this week as she is in Oakland visiting her mother, Mrs. Mat Irving.

Ben Wedderman, brother of Mrs. Minnie Pountain, came up from Oakland Saturday evening and returned Sunday afternoon with his wife and son who have been visiting at the Pountain home for the past two weeks. While here they much enjoyed the visit and the American River.

The past week the mercury has registered the 100 mark every day but Wednesday when it went up to 104.

Dr. A. L. White and wife made a trip to Sacramento Saturday on business matters and took in the sights of the city.

GEORGETOWN

Miss Esther Asbill, who is in training at the Mercy hospital in Sacramento, was home visiting with her parents, Mr. and Mrs. Herman Asbill, and friends returning to Sacramento Sunday evening.

Ira Armour and son, Floyd, from North Dakota, are here for a visit with Ogden Armour.

Mr. and Mrs. Bert Dependener spent the week-end in Oroville with their friends, Mr. and Mrs. Darrell Collins and Mr. and Mrs. Neal Denny of Auburn.

Mrs. Marie Whitson and daughter, Dianne, are visiting at the home of called the Glover Mining Claim and particularly described in the location notice of said mining claim recorded March 28, 1932, in the office of the County Recorder of said El Dorado County in Book "X" of Mining Locations, at page 325.

"The south line of which is the south line of Lot 16 and being 600 feet wide and 1500 feet in length, lying west of and adjacent to the Argonaut Mine and the Maltby Mine in Section 17, Township 12 N. R. 10 E."

The object of this action is to obtain a judgment of said Court that all adverse claims to, and clouds upon, the title of plaintiffs to the real property, mining claims or premises described in the complaint, aforesaid, be determined; that said defendants, known and unknown, have not, nor has either or any of them, any right, title, estate, lien or interest in, to or upon said real property, mining claims or premises or any part thereof, and that plaintiffs, MYRTLE E. Mr. and Mrs. Lee A. Frantz, Phil Cox of Mt. Diablo, was a visitor in Georgetown, Friday.

We had an exciting baseball game between Georgetown and North San Juan Sunday, the score being 9 to 11. Georgetown plays Grass Valley next Sunday at Georgetown. We hope the boys will have plenty of support from the baseball fans.

Miss Juanita Frantz, Ogden Armour and Ira Armour drove to Nelson over the week-end, visiting Ogden's brother, Fred.

Four of our young people, George Frazer, Helen Francis, Vendia Kvil-Aho and Bill Engle had an accident returning from Lake Tahoe last Wednesday. They escaped injury but the car, owned by Bill Engle, was badly damaged.

Mr. and Mrs. Herman Asbill drove to Sacramento on business Monday evening. They intended to return Tuesday.

Walt Whitson and Marvin Anderson motored to Sacramento Tuesday night to attend the motorcycle races.

Supervisor Breedlove has his boys out working on our roads and is getting them into fine shape for fall and winter.

Mrs. Joe Martinovich and son, Philip, spent the week-end in Oakland. On their return trip Sunday afternoon they stopped over in Sacramento to attend the wedding of one of Philip's college pals.

Mrs. Lillian White returned home from the Placerville Sanatorium Saturday in which place she has been for three weeks recovering from the effects of an auto wreck. We've missed Mrs. White's cheerful personality so we're surely happy that she is home again and able to get around.

Lou Mortenson visited in San Francisco over the week-end. We wish he could have brought some of the cool weather that he tells us about back with him.

Miss Blanche Roberts, who has been employed for the past two months in Sacramento, returned home Friday last. We're glad to have you with us again, Blanche.

Edward Rholfing has gone back to Sacramento and will work after having spent the latter part of his vacation visiting home folks. The first part of his two weeks leave was spent in the southern part of the state, where, combining business with pleasure, he took the state board examination for chiropractic work. His many friends here wish him good luck.

INDUSTRIES PAGEANT TO BE
FEATURE OF APPROACHING
STATE FAIR

SACRAMENTO—A California Industries Pageant featuring 10 major activities of the state will be a principal attraction at the State Fair, September 3 to 12.

The fair board has approved a plan of Secretary-Manager Robert Muckler to name each of the 10 days of the fair for an industry. The secretary declared:

"The California Industries Pageant affords an excellent means for informing Californians of the state's major industrial and educational pursuits. We expect the pageant to be an attractive part of the fair."

The emphasis to be placed on each activity will be accomplished through either a special program or dramatization.

Agriculture, bringing to California an annual approximate income of \$600,000,000, is one of the prominent industries to be eulogized in the special 10-day arrangement.

Hector Williamson, Springvale contractor, was in the county seat, Saturday.

Bert Simmons is keeping water out of his property preparatory to starting new development work.

Joe Mantanza now has Sacramento capital to assist financially his development on his several properties that he has been prospecting for several years.

The Brooks mines, at Slate Mountain, are under bond and lease to parties from Jackson, Amador County. These mines have been leased for several years past at a profit to both the owner and the leasee, but they probably will be sold as the present lease, we understand, carries an option to purchase.

Many claim relocations took place July 1 in our district. Several mining claims were located three times.

O. A. Dupois, manager of the Rawhide mine, in Placer County, called on James Kelly recently. He reports amazing success in this mine, which was turned down many times as being of too low grade to pay. Mr. Dupois, a graduate of Montana University, and at one time with the Bunker Hill-Sullivan of Idaho, is a thorough, practical mining engineer. As soon as he has an assistant to relieve him he will be in El Dorado County to develop property long idle, which is good news, as a mining report signed by O. A. Dupois means something.

Personal
Howard Kegleg of the editorial staff of the magazine department of the Los Angeles Times, accompanied by R. Abramson, noted collector of the south, visited for a day in Kelsey recently.

Edward Eberstadt, representing Rare Western Americana for New York millionaires, visited Kelsey recently.

Miss Mabel Pain, head of the English department of the Willows high school, is spending her vacation with Miss Margaret A. Kelly at her home. Miss Pain, who is a graduate of Chicago University, taught in an English school for girls, took work at the Paris University and taught English for a short time in Spain.

Charles Avery and his nephew, Ralph Nelson of Berkeley, were weekend visitors at the Kelly home. Mr. Avery was in the mining game during the boom quartz mining days of Kelsey district. Ralph Nelson, a university student, while a chemistry student, has become much interested in geology and mining. While here he was prospecting every spare hour.

We are glad to learn that Junior Bennett will have a position in a most prominent Placerville hotel this summer. Fred Junior is a fine boy and will be happy to be near his brother, Lauren Bennett, at Butt's Cafe.

Kelsey orchardists are preparing for a bumper crop of Bartlett pears, proping, tying and wiring trees.

Big Oil Firms Face Trial

(Continued from Page 1)
200 and 500 persons, including the defendants, their families, secretarial and household staffs.

William J. (Colonel "Wild Bill") Donovan, former assistant U. S. attorney general, is chief defense counsel. Burden of the prosecution falls upon John Henry Lewin and Hammond E. Chaffetz, young assistants of Attorney General Homer Cummings, sent here from Washington. Judge Patrick T. Stone, regular jurist of U. S. district court for the Western District, will preside.

In addition to personal appearance of the defendants here to enter pleas of not guilty, the case already has been carried through legal technicalities which may lead to an appeal to higher jurisdiction.

Defendant corporations in the first case include Standard of Indiana, Socoy-Vacuum, Cities Service, Continental, Gulf, Pure Oil, Shell, Sinclair, Texas, Mid-Continent, Phillips, Skelly, Barnsdall, Deep Rock, the Globe companies of Oklahoma, Illinois and Kansas, and some subsidiaries—Cities Service Export, Empire, Louisiana Oil, Gulf Refining, and Wadhams.

"CONSCIENCE DEBT"

FREMONT, O. (AP)—Howard Faber lost a pocketbook containing \$30, 10 years ago. It was found by a Zanesville man who recently paid back the "conscience debt" through the mayor of nearby Tiffin. The money was given to Faber's father, Faber having died since the loss.

FOUND PETRIFIED MAN IN THE SANDS OF MISSOURI RIVER

One of the Wonders of the Scientific World

This Exhibit is for the benefit of science and deep thinkers. Those who have been taught that flesh will not petrify will find that this particular subject is an exception above all others, showing a transformation, nature's wonderful way of embalming, nature's masterpiece. Doctors are puzzled and scientists wonder. This is not a mummy, but a fossil form of a human body taken from the sands of the Missouri River in Mont. by Thomas Dunbar, a trapper. His hair, finger nails and teeth are perfect as your own.

Also shows wound on head, hands strapped together across the breast, evidently having been tortured and murdered by Indians. Pronounced by competent physicians and the Butte Inter-Mountain as the Wonder of the Age; also by Drs. Sheeran and Vicars of Livingston (Montana, Marvel of the Century. A rare specimen. Must be seen to be appreciated. We show courtesy to all doctors, and specialists are invited to make examinations at any time it suits their convenience.

"The truth of the Lord endureth for ever. Praise ye the Lord." These words from Psalms comprised the Golden Text used Sunday, July 25, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon was "Truth." Included among the Scriptural selections was: "For God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II Cor. 4:6).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "The life of Christ was not miraculous, but it was indigenous to his spirituality—the good soil wherein the seed of Truth springs up and bears much fruit. Christ's Christianity is the chain of scientific being reappearing in all ages, maintaining its obvious correspondence with the Scriptures and uniting all periods in the design of God" (p. 270).

Liquor dealers in general are taking advantage of the new law as a means of protecting themselves against sales to young men who are minors, yet who, from appearance, might easily be 21 years of age.

To avoid being made a party to a sale to minors, many of the liquor dealers are now requiring purchasers whose age they doubt to sign a statement that they have read Section 61 of the Liquor Control Act and that they are 21 years of age, giving the date of their birth.

Mr. Lyon indicated the complaint against the parties suspected of selling liquor to minors may be filed Monday and, the names being then of record, they will be available for publication.
